

e-learning website

www.cbk-learning.lu

Our e-learning website aims to inform you in a clear and fun way about topics that concern you as new parents.

- consult our **“fact sheets”** summarising the main elements to remember for each topic;
- view short **video** sequences or **slide shows** that illustrate the proper movements;
- test your knowledge by answering the **quizzes**;
- take part in **interactive sessions** that you access on line...

All this without having to leave home, at your own pace, and as many times as you like. All information posted online is validated by healthcare professionals at the Clinic.

“Adagio” wing

The suites and the “First Class Deluxe” Rooms (ICLS) are located in the “Adagio” wing - the extension of the maternity in the annex of the third floor of the main building of the Clinique Bohler, in the new building at the rear of the Clinique, in front of the Hôpital Kirchberg.

The two buildings are linked by walkways (on the ground floor and the 3rd floor).

In this cozy space featuring an elegant and modern design, you will find:

- The Reception “Lobby”;
- The “Meeting Place”; a friendly space in the heart of the unit used for group courses and dialog;
- 10 suites and single “First Class Deluxe” bedrooms (ICLS) with a special area for the father. In this fully to the architectural concept integrated area you can enjoy your stay as a couple with a maximum of comfort to foster the parent-child bonding right after the baby’s birth.

The design of the “Adagio” wing was elaborated by an interior design company. Inspired by the “Belle Epoque”, the design creates a calm and timeless atmosphere where the parents can fully enjoy the unique moment of your child’s birth.

Equipment of the bedrooms

Equipment of the bedrooms

These “First Class Deluxe” bedrooms are equipped with elegant and modern furniture.

Equipment:
